User Network

Displays the network of a user based on followers and following.

Macro Setup

User Network

Macro key: rw-user-network

Macro body: None.

Promoted: User Dashboards.

Using the User Network macro

To add the User Network macro to a page

1. In the Confluence editor, choose Insert > Other Macros.
2. Find and select the User Network macro.

To add the User Network macro to a site or category home

1. Edit the site or category home
2. Add a Confluence Content Module
3. In the editor, add the User Network macro.

Leverage the power of Layout placeholders

The parameters of the User Network Macro works great with Layout Placeholders if the macro is placed on a dashboard or space layout.

Preview
Parameters

Parameters are options that you can set to control the content or format of the macro output. Where the parameter name used in Confluence storage format or wikimarkup is different to the label used in the macro browser, it will be listed below in brackets (example).

<table>
<thead>
<tr>
<th>Parameter</th>
<th>Default</th>
<th>Description</th>
<th>Available since</th>
</tr>
</thead>
<tbody>
<tr>
<td>Username *</td>
<td></td>
<td>A Confluence username.</td>
<td>3.3</td>
</tr>
<tr>
<td>(username)</td>
<td></td>
<td>✴ Note: use '@username' for the current user. This will work on all pages, not just with Layout placeholders.</td>
<td></td>
</tr>
<tr>
<td>Max items</td>
<td>30</td>
<td>Max number of users to display.</td>
<td>3.3.3</td>
</tr>
<tr>
<td>(max)</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

* - Required parameter
