Data Center

Compatibility with JIRA 8.4 & JSD 4.4

This version adds supported compatibility with JIRA 8.4.x and JIRA Service Desk 4.4.x.

Other fixes

- Fixed an issue where projects could show up twice in the "Service desks & categories" list.
- Edit category dialog will be closed when the category is deleted.
- The Refined login page now respects sign up link settings.
- You can now properly exclude labels using dash (-) when filtering using a Knowledge Base module.
- Links to portals with trailing slashes (/) no longer leads to blank pages.
- Whitespace reserved for StatusPage updates no longer shows unless there's a status page announcement to be shown.
- Minor language formatting for Finnish and German.
