Support for Jira 8.14 & Jira Service Desk/Management 4.14

This release adds compatibility for the latest Atlassian releases!

Below you'll find a list of additional fixes & improvements. As always, please report any feedback or issues through our support portal at <http://support.refined.com>.

Bug-fixes and improvements

- Links to articles now opens up in the context of the portal they belong to or where users is, rather than main site.
- Refined now passes any additional URL parameters to the request create dialog.
- A WIP comment now no longer disappears when you share the request.
- Minor UI fix for the "Searching in" label in the search dialog.
- Fixed an issue where the dropdown behind cog-icons disappears sometimes.
- Addressed an issue where the *Upload files* dialog window was cropped in mobile view.
- Fixed a bug where an icon was missing from the available options for navigation modules.
- Minor UI tweaks to the feedback elements below a KB article.
